## Career Objective

---

To enhance my technical knowledge and problem-solving ability in **Computer Science and Engineering**, gaining hands-on experience through **projects, internships, and workshops**, while preparing for a career in **software development and artificial intelligence**.

## Educational Qualification

---

- Pursuing **B.E. CSE** at KSR College of Engineering, Thiruchengode with a **CGPA of 8.5** till 2nd Semester (2024–Present).
- Completed **HSC** at Sri Vidya Mandir Matriculation Higher Secondary School, Gurusamipalayam with **83.6%** (2024).
- Completed **SSLC** at Sri Vidya Mandir Matriculation Higher Secondary School, Gurusamipalayam with **86.4%** (2022).

## Projects

---

- **Mini Project (2025):** Built a simple **Generative AI-based text summarizer** using Python libraries to process and summarize user input.

## Internship

---

- **CodTech IT Solutions** – Internship on **Web Development and Databases** (2025).

## Certifications

---

- **UI/UX Basics**
- **MATLAB Fundamentals**
- **MongoDB Basics**

## Workshops & Presentations

---

- **Paper Presentation** at PSG College of Engineering, Coimbatore (2025).
- Attended **Generative AI Workshop** (2025).
- Attended **Imaginative UI/UX Workshop**.

## Achievements

---

- Active on **LeetCode and HackerRank**, solving problems to improve coding proficiency.
- Presented innovative ideas in workshops and paper presentations.
- Consistently performed well in academics with strong foundation in core programming.

## Additional Skills

---

- Programming: **Python, C, Java**
- Web Technologies: **HTML, CSS, JavaScript**
- Database: **MySQL, MongoDB**
- Tools: **MATLAB, UI/UX Design Tools**
